July 21, 1970

My dearest Mike,

Well, I guess I'm signing your dream a little late, as a matter of fact Summer is almost over and school is practically ready to start again. I'm nearly ready to go back to school (so I can get away from being the slave around the house) the only thing that takes the edge out of me returning to school is to think of the sadness I will face as I have to go day after day without the one I love; you? It will be so miserable and lonely. I won't even be able to stand against the blue Volkswagon that we stayed at during lunch. Remember how we would lean against that car and Mrs. Kirby would stand at her window and watch our every move. (like we were Gona do something - HA)

As I look back at the two ⁽²⁾ years we

↓

602-16512 35th
walked down the halls, ate lunch, played
basketball, football, and even wrestled a
few rounds at 'ole Union High, we also can
look forward and see how awful my remaining
two years will be. But we'll make it thru if
you help me. we'll need the encouragement
more than ever; now that you've finished
your 13 years^{HA} and we've only made it thru
10 of my 12? it'll be rough as heck going
to school without you-but we'll make it!
we don't want my kids to say we didn't

finish school! would you?? HA

We've had some pretty bad, heart-
breaking times. All the fusses we've had.
we but we've had more fusses than any
two people ever had, but we guess it's
cause we love each other so much. Wshy

also would we take the time to fuss it
through, till the end of the fuss so we could
(over)

"gradually" make-up? I must admit a few times I didn't think we would get them worked out or cleared up.

I tell ya March 29th (Easter), I knew that was one disagreement we would never work out. It took us long enough, from March 29th June 7th to be exact. That was one headache I wish I could forget, but I don't guess I will be able to, cause Josh took what it has brought^{up} too? Like the happiest we've ever been, aren't we?? And we still have the rest of lives to be happy and besides that we'll always be together! Right??

We've got so many memories! Remember

Jan. 28, 1969 - March 14th, 1970 (I told you so) Jan. 28, 1970 - March 14, 1970

March 29, 1970 - June 7, 1970, and pretty soon you'll have another date to remember. Ooh! Oh!

I forgot Aug. 7, 1969

Turn, Turn, Turn It's 1970!

*To Every thing there is a season,
And a time to every purpose . . .*

**Union High School
Union, South Carolina**

"Mrs. S," It's you!

As dedication time rolls around each year, we of the GLEAM Staff seek another teacher or administrator to add to the list of past dedicatees.

For 1970, the "year of change," we have ironically picked one whose dedication and determination never change. Being a delightful teacher and a friend to every student, our dedicatee has won the hearts of everyone at Union High School, and we proudly present her the greatest honor that the GLEAM Staff can give, its year-book dedication.

Congratulations, best wishes, and love to one we lovingly call "MAMA":

**MRS. CAMILLE
STRIBLING**

Her dual role of teacher and guidance counselor proves challenging.

A black and white grid of 100 student portraits, arranged in 10 rows and 10 columns. The portraits show students of various ages and genders, likely from a school yearbook. The students are dressed in formal or semi-formal attire typical of the mid-20th century. The grid is composed of individual square frames, each containing a portrait of a student. The students are of diverse backgrounds and are posed in a formal manner, looking directly at the camera. The overall layout is a clean, organized grid that fills the page.

Love Comes to UHS

New coach Paul Love and his comparatively inexperienced coaching staff led the Yellow Jackets during the 1969 season. The Jackets compiled a 4-7 record in an exciting season for players, coaches, and fans. Co-Captains Darrell Austin and Bill Lybrand represented their team well at each game. Darrell was chosen for the Shrine Bowl game for his outstanding play both offensively and defensively. A relatively inexperienced squad fought for victory all season long, and each victory was a great one. Though battling many of the better teams in the state, Union High's Yellow Jackets never let their supporters down. At the end of the season, each boy could say that he was really proud to be a Yellow Jacket.

The Union High wrestlers completed an extremely successful second season with a 6-2 record. Under the able direction of their new coach, Jim Barnes, the grapplers added greatly to their knowledge of wrestling. The team also placed third in the Furman Invitational Tournament.

Popular baseball arrived with the spring and brought hopes for the state championship barely missed last year. Twelve players returned from last year's Upper-State Championship squad, and new coach John Daurity used the fine material to put together another great baseball season. Winning traditions just keep on rolling along.

Track Means Excitement

Coach Richardson found a group of talented boys on this year's track team, a team which many predicted to win the conference crown. With Dinky Barfield and a bunch of other returning lettermen, the track squad had experience in many positions and potential in every position. Some of the Sims High track stars joined the team this year and brought added depth to UHS track and field, so 1970 track meets figured to be the best yet.

GOLF TEAM: Richard Meador, Rob Bonds, David Watts, Steven Glenn, Trey Carson, Todd Logan, Ross Jolly, James Glenn

The golf team, defending Eastern AAA Champs, brought back two lettermen, Ross Jolly and James Glenn, for another exciting season. Most of the boys were new on the golf squad, but each had the winning combination

of talent and determination. Coach Barnes set the standards for his team's eventful year, and the boys, including two eighth graders, walked their way over the courses to a successful season

Staff Honors "Mr. Lee"

Though some of the Union High School staff are ineligible for GLEAM dedicatee, we feel the need to recognize one who has given countless hours to UHS. This honorary dedication is meant to be something special for students, faculty, and administrators alike. It is with extreme pride that this honor is presented to MR. LEE DAVIS.

There are times in life that stand out so distinctly in one's memory. Whether they be good or bad, special occasions or experiences can never be forgotten. The 1970 GLEAM has been such an experience for us. Our opinion of the entire project has varied from "Isn't this great—I love doing the GLEAM!" to "Why in the world did we ever take the thing?" The past year has been a most eventful one for us, the co-editors, and our staff. Our sincere thanks go to Mike Stevens and Herbert Smith of Fairforest Photography, Mr. John Spach and Mr. John Edwards of Hunter Publishing Company, and Mrs. Sherbert and Miss Gwinn of the faculty. Truly, we feel that this 1970 GLEAM is a student year-book, so we have done what we set out to do at the start can it only have

been a year ago? Looking back over this year, we recognize the value of our job despite its pitfalls. Therefore it is with no hesitation that we present the 1970 GLEAM to you, the students. Take it—the GLEAM is yours now—our job is done

we can look back to the happy times when you even had your licenses. We didn't do much traveling but now that you are "license-less" it seems that we stayed in the road all the time. Remember where we use to go, my favorite place ("THE HILL") and we would watch the moon and the stars, look at the lights across town, talk about the future and even trade a few kisses. HA! Those were times we'll never forget!

So celebrate our going together a whole year we went to the movie, had a steak supper, and even made it back in time to go up on "THE HILL". Mike, that night was so wonderful! And thank you for making it what it was.

Ya know Punkin, we changed alot since you and I started going together, maybe even more than we thought possible.

Dear Smiley,

Well, school is out and it seems like it just started. At the first of the year, I hardly knew you, but now it seems like I've known you forever. I think back to a lot of the times when I talked to you at the dances and I wish I'd gotten to know you better then instead of waiting until the end of school. I don't guess I really got to know you until that day during sixth period when Mary Jane, Jean, and I were taking announcements. You'd always seemed to be so sweet and friendly, but that's when I really realized it. I'd wanted to get to know you before, but it always seemed like you were too busy with someone else. During lunch you were always talking to at least two or more girls, and besides them I never saw you until we started talking during sixth period. I'm glad you wanted to help me take up excuses because if it hadn't been for that we might still be "just friends." ^{THAT'S ALL} Of course, I'll never forget powder-puff practice. Even though I "worked" myself to death, I looked forward to it every day just to see you. I think we could have won the game if you had not just coaching. Remember that day

2) we walked uptown after football practice and played the pinball machine and you imitated that man that always stands on Main Street. I still think you acted just like him. I wish we could have done that again but those two weeks of practice went by so fast, and it was all over before it really got started. Now summer's here and you'll be leaving soon. You can't imagine how much I'm going to miss you! I hope you won't stay gone long. Maybe if I'm lucky you won't forget me while you're gone. ^{Allen} You know you'd better not! I was just thinking about next year. It's going to be awful without you! Especially sixth period!! I won't have anyone to take up excuses with me or call me "Hustler." Maybe sometimes you can come back to see me. ^{you'll miss} Please! Really we have a lot of memories even though we haven't known each other well very long. We've been serious and we've been a little silly; we've had good times and we've had
